

CNC WOOD TURNING LATHE (2D&3D) Engraving - P-ST-L-3015

TM
printo

Features:

1. This machine has working single and double turning Lathe
2. This Machine Can finished the whole work piece in one time tool setting
3. Working with DSP system can make completely work off-line and do not take any computer source.
4. Speed can adjusted by inverter
5. 2D & 3D can adjusted by pneumatic system

DESCRIPTION	PARAMETER
Lathe Body	Thick square tube
Working Diameter	300mm
working Length	1500mm
Accuracy	0.1
Spindle	3kw water cooling/optional : Air cooling Italy
Machine Dimension	1000*1200*2610
Working mode	Stepper (Servo)
Max. Rotating Speed	1450r/min
Max. Idling Speed	20000mm/min
Working Speed	10000mm/min
Voltage	AC 380V/50Hz
Command	G code
Control System	N.C. Studio (DSP)

An ISO 9001:2008
Certified Company
